OUR C

GREETING. AAAA

OLLOWING the custom among refined peoples, we have published a BLUE BOOK for the last six years that has been recognized by the press, influential citizens, and the leading business men as reliable and authentic. What was at one time thought to be a useless expenditure of money, in publishing a CLASSIFIED SOCIETY LIST, has changed to such an extent that our prominent people regard the BLUE BOOK as a necessity in every refined home.

As a community we occupy an enviable position in the sisterhood of States, and our many attractions for residence and exclusive association have received the unqualified praise of noted travelers and prominent personages of the world, and we have gained a wide reputation for politeness and hospitality.

We have added several new features to the BLUE BOOK in ornamental and artistic pictures in the classification and headings. A number of private residences are shown, which gives an index of the attractive and luxurious Californian homes. No expense and labor have been spared to make the work accurate, reliable, and a ready reference for those who belong to the literary and social clubs and to the business organizations.

We acknowledge the valuable assistance rendered us by society people, and we believe we have the full indorsement of those who are capable of a close and critical judgment, in pronouncing this work—in make-up, arrangement, typography, and careful scrutiny—superior to any other of the kind published in the United States.

Removed and Forever Destroyed by Using

NUDENE

HE result of long continued scientific research. NUDENE removes the growth in FIVE MINUTES without Discoloration, Pain or Injury to the Skin. Every lady can use it HERSELF, avoiding all publicity or exposure.

NUDENE SUCCEEDS WHERE ELECTROLYSIS FAILS.

NUDENE contains no poisonous ingredients, is as harmless as water, and so simple that any one can use it. If the hair is slight and weak, one application is sufficient to kill the growth; if heavy and strong more than one is necessary, the number of applications depend-

growth; It heavy and strong more than one is necessary, the number of applications depending upon each individual case

Do not confound NUDENE with any of the cheap and dangerous compounds so largely advertised which always strengthens the growth and burns the skin, and so offends the nostrils. NUDENE is entirely ODORLESS, and is the ONLY substance which will gradually but surely destroy the roots of the hair without injury to the daintiest complexion. Ladies come back to us every day to express their unbounded delight at its results.

It Never Fails! Endorsed by All Who Use It! Trv It!

EVERY PACKAGE GUARANTEED.

NUDENE will be sent by mail, in safety mailing boxes, postage prepaid, (sealed from observation) upon receipt of price, \$3.00 per Package, with full directions enclosed. If you want a quick, permanent and absolutely infallible cure, something new, pure, mild and so harmless a child can use it with perfect safety, you will find it in NUDENE. Send stamp for free sample. All Communications treated as Strictly Confidential.

Address, NUDENE MANUFACTURING CO.

No. 216 FRONT STREET,

SAN FRANCISCO, CAL.

Your attention is respectfully called to the Celebrated QUEEN LILY SOAP, which has now been on the market for twenty-eight years, and has earned a reputation which it justly deserves.

For Fine Laces, Window Curtains, Tidies, Family Linen, etc., it is unsurpassed, leaving the article washed lily snow white and agreeable to the smell. Woolen Goods being washed with this Queen of Soaps, are soft and silky to the touch. The labor is less, and in consequence the articles washed, especially Fine Fabrics, are worn less by going through this washing process.

Is unsurpassed in cleaning painted work in the house. In fact, purchasers will find that, although apparently high in price, it is, in reality, the cheapest of Extra Good Soaps. Use according to directions on wrapper.

FISGHBEGK & GLOOTZ,

Proprietors. NEW ENGLAND SOAP CO. Manufacturers.

SAN FRANCISCO

Street and Avenue Guide.

TO THE RESIDENCE PORTION OF THE CITY OF SAN FRANCISCO.

EXPLANATORY.—On any street the relative location of any house in the residence portion of San Francisco is found by running down the column of figures, which are the numbers at the crossing of streets that intersect it. For example, to find 1820 Pine street, it will be seen that it is between Gough and Octavia, and on right hand side (all even numbers being on right hand side, commencing from Market street). Again, 1719 Jones is eighteen blocks from Market, between Broadway and Vallejo; it being an odd number, is on left side of street.

NOTE. - Each block is allowed 100 numbers. The cross streets which have no bearing on numbers have been omitted. The even numbers only are shown, the odd numbers being on opposite side of the street.

Destroyed

by Fermentation

Made from the Choicest Grapes,

BY A NEW PROCESS, BY WHICH ALL FERMENTATION IS ABSOLUTELY PREVENTED.

PREPARED ONLY BY

LOS GATOS, CALIFORNIA.

-UNIT PROPERTY OF THE UNFERMENTED

Trane Juice.

This is a Fresh Grape Juice,

Concentrated to one-fourth its original bulk, without boiling, (either in the open air or under vacuum) and containing all the flavor, food and medicinal properties that were present in the Grape from which the juice was obtained.

Owing to its Concentrated Condition,

It is preserved without the additton of *ANY CHEMICAL WHAT-EVER*, and is bottled expressly for family use as a pure food, a health-giving-drink and a non-alcoholic beverage.

Two Varieties

Of Concentrated Juice, (suitable for redilution with any aerated soda or pure cold water) are bottled under our labels, i. e. **RED**—**Zinfandel**. **WHITE Muscatel**.

JOHNSTONE & BRYAN, PUBLISHERS, 602 MARKET STREET.

CHARLES T. WILDER.

N ALL communities and among all nations there are men and families who become leaders in society, and by reason of eminent service, honored heredity, or self-sacrifice for the public weal, become the aristocracy of their country, and stand as the representatives of the best society.

This condition of affairs is well represented in the life and career

of Mr. Wilder.

The recent revolution and establishment of the Provisional Government in the Hawaiian Islands has brought to the front and given men a notoriety and a justly earned fame for their sagacity, bravery and consummate tact. It will pass into history as a remarkable crucible as renowned as the great struggles and triumphs of the world. Great emergencies have called forth leaders of men, and master minds, who have proved themselves especially adapted to surmount difficulties and

rehabilitate demoralized society.

The subject of this sketch, one of the prominent actors, is the son of Hon. W. C. Wilder, a leading business man and prominent official, a member of the Advisory Board of the Provisional Government, and its Vice-President. Mr. Wilder, the present Consul-General, was born in Geneva, Illinois, and went with his parents to Hawaii in 1869. He returned to the United States and attended the Miami University, Ohio, from which he graduated in 1884. He afterward attended the Northwestern University of Illinois for a year, returning to Honolulu in 1885. immediately commenced service as a clerk and bookkeeper with Wilder & Co., and was connected with the extensive business of the Wilder Steamship Co. and the Kahului Railroad Co., until he was appointed Consul-General of the Provisional Government by President Dole with full powers in June, 1893.

Mr. Wilder was Captain of Company A of the Honolulu Rifles during the disturbances in 1887, and during the late revolution was

Captain of the first artillery company formed in the islands.

Although Mr. Wilder has not yet reached the age of thirty, he has shown himself to be the right man in the right place, during the disturbing times which have passed during his term of office. He has displayed splendid business qualifications and has made a friend of every one, both in business and other circles, by his tact and gentlemanly bearing. His liberal education and close connection with all the large and material interests of Hawaii have given him peculiar advantages in filling the delicate and important duties as Consul-General, and he has gained the reputation of being one of the most efficient officers ever accredited to the United States from the Hawaiian Islands.

His high social position at Honolulu, and the record of honorable service attached to his family name during the Rebellion, and his brother, Gardner K. Wilder, being now the Deputy Attorney-General of Hawaii, and other members of the family prominent in Hawaiian affairs, he seems to stand as a representative of the best society in the Hawaiian Islands, and the land of his birth, the United States. He has a fine address, martial bearing, is a good conversationalist and a born diplomat. His scholastic attainments, social standing and ripe business experience have given him great influence and popularity. He is courteous to every one with whom he comes in contact, and is possessed of that clear intellect, coolness of judgment and self-reliance, that make him an astute official in times of great excitement.

His official acts and policy have been so wise and discreet, that it may be properly said he has added another tie to the already close bond between San Francisco and the Hawaiian Islands. His marked ability, heredity, association and environment is such, that the handwriting upon the wall points to higher and more responsible official duties for him in the autonomy of the Government he represents or in council in changes that may occur between the United States and the Hawaiian Islands.

COSMOS CLUB.

SAN FRANCISCO, CAL.

Club Building, 317 Powell St.

The Cosmos Club was organized in 1881, and was incorporated in 1883. The membership is extensive; and the number of Army and Navy members is greater than in any of the other clubs. The aim of the organizers to keep this club the most select in the city has been pre-eminently successful, and its position as such is generally conceded. Every three months the members give a banquet in their elegantly furnished clubhouse.

THE SAN FRANCISCO ART ASSOCIATION.

Organized March 28, 1872. Incorporated July 30, 1889.

Mark Hopkins Academy of Art, Cor. California and Mason Sts.

The San Francisco Art Association was organized in March. 1872, with the worthy object of encouraging excellence in artists, promotion of painting, sculpture and fine arts, the diffusion of a cultivated and superior taste for art in the community at large, and the establishment of an academy or school of design. The membership, which is now about 400 contributing, 150 life and nine honorary members, is open to all lovers of art. Regular meetings are held on the 4th Tuesday in March, June, September and December, in the rooms of the society. Annual election of officers on last Tuesday in March.

The School of Design connected with the Association was organized Dec. 31, 1873. The school has ninety pupils. Its affairs are managed by a committee of members of the Art Association. R. D. Yelland, Arthur F. Mathews, Amedee Joullin, Oscar Kunath and John A. Stanton, teachers; John R. Martin, Secretary.

Rooms, Corner Post Street and Van Ness Avenue.

The Concordia Club was organized in 1864. It is the principal Jewish Society in the city, and is composed chiefly of wholesale merchants. The rooms are only open evenings and Sundays, and the entertainments consist of monthly and bi-monthly receptions. The regular meeting of the members is held on the first Wednesday of each month. The financial standing of the Club is excellent. They are now located in their new and elegant quarters as above. Meeting, third Tuesday in each month.

CALIFORNIA CAMERA CLUB.

(Incorporated April 5, 1890.)

Headquarters in the Academy of Sciences Building, 819 Market Street, San Francisco, California. Regular monthly meetings are held on the first Tuesday after the first Monday of each month. The annual meeting is held on the first Tuesday in April. "Club Talks" are held in the clubrooms every Wednesday. This club also gives a public exhibition in the form of a lecture—illustrated with lantern slides—once a month, in the Metropolitan Temple. These lectures are supported by the subscribing members.

The California Camera Club is a corporation with active, subscribing, and associate

members.

Active members have all the privileges of the club.

The associate members have all the privileges of the club, with the exception of voting, and their dues are not so large.

The subscribing members are allowed a certain number of tickets each month for

the exhibition.

This club at present enjoys commodious apartments, having a large meeting-room, and also dark, printing, and enlarging rooms fitted up with the most modern and convenient appliances, of which visiting members of other societies are welcome to avail themselves, upon application to the Secretary.

THE OLYMPIC CLUB.

SAN FRANCISCO, CAL.

Gymnasium and Rooms, Post Street, bet. Mason and Taylor.

This institution is now the largest and most complete organization in the world. Its membership is 2,500 adults, 250 juveniles and 100 juniors. One of its chief features is a magnificent swimming tank. It has also large classes of ladies attending its gymnasium for athletic training. Its gymnasiums are splendidly equipped. The parlors, halls and all its appointments are modern and beautiful. Its exercising grounds are near Golden Gate Park. Its directors meet on the first and third Wednesday of each month.

The Value of
Advertising
Depends upon Two
Things:

The class of people who read the announcement . . and . .

The circulation of the medium through which it is made.

FIRST. That it reaches the great buying class of San Francisco and the Coast—the live, enterprising people who READ ADVERTISEMENTS and take advantage of the offerings made by advertisers.

SECOND. That its circulation exceeds that of any other San Francisco daily paper by at least 12,000 to 15,000 copies per day.

These are simple propositions, both capable of demonstration, and together

WORTHY OF YOUR MOST CAREFUL CONSIDERATION.

Though . . .

may appear high, the fact that the paper reaches the people, and more of them than any other medium, and that the class of people reached is the

BUYING CLASS...
renders it the medium par
excellence for the retail dealer of San Francisco.

The Evening Bulletin,

SAN FRANCISCO, CAL.

--- ESTABLISHED 1855---

S THE LEADING EVENING JOURNAL in circulation and influence west of the Rocky Mountains. It is recognized authority in mercantile and financial circles. Its high character, tone and general worth commend it to, and has obtained for it, an entrance to the refined and cultured home circles, and made it the most popular family newspaper in California.

It is distinguished for the brilliancy of its editorial matter, the accuracy and completeness of its local and telegraphic news, its interesting correspondence from all parts of the world, reviews of current literature, art and theatrical criticisms, the extent of its foreign news and its freedom from highly colored sensationalism.

It is valuable to advertisers for the following reasons:

It has a long-sustained circulation among a prosperous class of readers who have learned to appreciate its special value.

Every page contains fresh telegraphic or local news, affording every advertisement in its columns a good position.

The Weekly Bulletin

MISS ALICE G. FRIEDLANDER, EDITRESS.

A Monthly Journal devoted to the Interests of Education.

PRICE. ONE DOLLAR PER YEAR, IN ADVANCE.

HE literary features for 1894-5 will be stronger than ever before. several writers of distinction on the subject of education having been secured to contribute articles. It will be the aim of the Editress to present a bright, crisp and newsy publication, and furnish all such items of gossip as pertain to schools and colleges and their progress. The form of THE STUDENT will be changed, and it will have a cover new in design, striking and original, and be printed on paper specially manfactured for it. Typographically it will be as perfect as possible, and be handsomely illustrated. With the assurance of assistance from those most interested, and a purpose and determination on the part of the Editress to achieve success, The Student will contain reliable information on all topics pertaining to matters of education. Advertisements will have a wide and high-class circulation, and the proprietor will be glad to publish in THE STUDENT as many as its limited space will permit. Its advantages as an advertising medium are self evident. For space, cuts. special pictorial designs, etc., estimates will be cheerfully furnished on application. All interested in matters of education are solicited to become subscribers of the publication. To the ends above expressed the publisher will devote her most earnest endeavors in the hope of meeting the public's kind approval, and it will be her greatest satisfaction to know that THE STUDENT has won its way into the hearts and homes of the refined and cultured people of San Francisco.

ADVERTIJEMENTS.

***Our advertising space is limited to the very best in quality, as none but the most unobjectionable matter will be accepted in any department of THE STUDENT.

CHARLOTTE PERKINS STETSON, Editor.

HELEN CAMPBELL and PAUL TYNER, Associate Editors.

GEORGE T. GADEN, Business Manager.

Published Every Saturday at 819 Market Street, San Francisco,

By THE IMPRESS COMPANY.

A Weekly Review of human activity, and a faithful exponent of the higher faith in Art and Literature, Science and Politics, Education and the Home. The week's happenings summarized and related. Live issues clearly and candidly handled in paragraph and essay.

The Home Paper. —The home to-day is not only a synonym for sentiment, but for science. The Impress will give its readers the newest thought and highest truth on this great question of Household Economics, on all that pertains not only to the peace and purity of the home, but also to the sanitary, culinary, decorative, and all other phases of the world's greatest industry—the Art of Living.

Live Literature. —The Impress seeks above all not only to speak of, but to BE the best literature of the day; to represent within its limits as a specific form, the art of journalism; in short, to practice what it preaches. Its poetry and fiction, satire and humor, are new, genuine and strong.

SUBSCRIPTION TERMS.

Two dollars a year, postpaid to all parts of the United States and Canada; for other countries in the Postal Union, one dollar additional to cover foreign postage. Sample copies sent free on application.

RATES FOR ADVERTISING.

Outside page, \$50; half page, \$28; quarter page \$15, each insertion. Inside pages, one dollar an inch each insertion. A column, \$12; a page, \$30. School and College, Professional and "Want" advertisements, ten cents per agate line (15 lines to the inch) each insertion. Liberal discounts on yearly and half-yearly contracts.

No advertisement of a doubtful or objectionable nature will be inserted in The IMPRESS at any price. The advertising usefulness of the paper is distinctive and genuine. Space will be given only to trustworthy and high-class advertisements. The IMPRESS in its monthly form has already had a successful career of two years' publication, gaining a high reputation for character and literary ability, and an excellent circulation among thinking people on the Pacific Coast. This circulation has been steadily increased and extended since the enlargement and improvement of The IMPRESS as a weekly.

HIS NEW AND LUXURIOUSLY FURNISHED HOTEL combines the attractions of hotel life with all the comforts of a home. Its convenience to all places of amusement and to the business center is an advantage. It is surrounded by newly and smoothly paved streets, and guests are not aroused nor disturbed by passing vehicles nor clanging street-car bells. "The California Hotel" is the only absolutely fireproof hotel on the Pacific Coast, and offers to the man of family a quiet home at a moderate cost. Transient or permanent guests find it an attractive stopping place. The new American plan Dining-room is on the top floor. The Cafe and Banquet Hall is on the first floor.

An admitted medical authority on health, in pointing out the "Best Climate for Invalids in California," says: "So far as statistics are obtainable here, we can safely say that the mountain ridge east of Napa Valley—it may be called the East Napa Range—is unparalleled in the combination of dryness of the atmosphere, with mildness and equability of temperature, and fitness for camping and spending the greater part of the year in the open air. From one thousand

to fifteen hundred feet above the sea is the most desirable altitude. We believe that no other part of the globe equals the East Napa Ridge as a resort for consumptives."

The waters of these springs have been on the market for thirty-five years, and during all that time have been freely used by the most successful physicians in the sick room, who unhesitatingly give their willing testimony in its behalf, as tollows:

We, the undersigned physicians, practicing in the city of San Francisco, have examined the result of the analysis made of the water from Napa Soda Springs of California. The water, according to this examination, possesses aperient, anti-acid and fine tonic properties, which cannot fail to be very beneficial in the treatment of chronic diseases, and affording a pleasant, healthful and invigorating beverage:

From a late number of the Prine Medical Journal we take the following: "As an auxilliary to proper medical treatment in gastric catarrh, torpidity of the bowels, kidney and bladder disorders, animia, etc., etc., as well as a refreshing, wholesome table water, nothing on earth excels Napa Soda."

Besides being the leading health resort of this State, the Napa Soda Springs are a most beautiful combination of attractive features in both art and nature. The buildings are of comely architecture, built of white stone quarried from the India, and their arrangement aupmented and enjoyment. Surrounding them and filling the entire air with the aroma cold trainment of the splettern India, the origine and lemon trees, pomegranate, lemon verbena, palms, 25: Satisfication of the state of the state.

eties of roses and oleander. Clematis, camelia, pansies and vielets in boundless profusion.

Nothing has been forgotten to give pleasure and comfort to the guests. Winding paths lead with gentle grade to waterfalls and commanding peaks; cozy retreats invite to their grateful shade; lawn tennis and croquet grounds tempt the gallant beaux and belles; swings serve the children, and a bend of trained "burros" (donkeys) in the tille worth masters and misses wild with their delightful abandon.

A new swimming pool, with naturally-heated water, adds its tempting luxury to the other attractions.

On the whole, there is no plus on the Point Court that offers more inducements for a visit than Napa Soda Springs.

SELECT BOARDING SCHOOL

FOR GIRLS AND YOUNG LADIES

No. 1 Wichita Avenue,

East San Jose. California.

PRICES ACCORDING TO THE TIMES.

In the suburbs of the Garden City, East San Jose, Mrs. Worcester has established an ideal school for girls and young ladies. It is intended to provide the most careful, intellectual and moral training for a limited number of young ladies, and to provide a refined home with the highest culture with the advantage of the best and most select society.

This school is situated in a delightful suburban home, with ample

sunny grounds, healthful location, on electric car line.

A three years course of study is arranged, with a fourth year in travel and study abroad, if desired, in charge of a careful and capable chaperone. Parisienne French and pure Hanoverian German taught.

Mrs. Worcester's school was founded for the education of women, and accomplishes this by surrounding the girls committed to its care with the quiet and dignified influence of HOME, and by leading their minds to the highest intellectual attainments. Teachers and pupils form one family.

The system of "Electric Shorthand," now so popular over the United States, is carefully and thoroughly taught by a sister of its Author.

Vocal and instrumental music with best of instructors.

Drawing and painting, portrait and landscape, with accomplished teacher of Italian School.

Pupils are prepared for Stanford University, or for the colleges in

the East.

Miss Garretson, of Stanford University, will prepare students for entrance. Due attention is given to social and esthetic culture, elocu-

tion, Del Sarte and Physical Culture by an experienced teacher.

The building is surrounded by ample sunny grounds, in a healthful location, just outside the limits of San Jose, near the electric cars, and only ten minutes' ride from the center of the city, thus combining the delights of country with the special advantages afforded by close prox-

imity to California's Garden City. Eastern people seeking a change of climate for their daughters can find no more perfect conditions for health and study. Many delicate girls, who in a more severe climate must leave school entirely, can complete a full course of study with advantage to their health here. There never has been a case of severe or protracted illness at the school. The location has been happily chosen, and the character and standing of this school has been established by the régime adopted by the person at the head,-Mrs. Worcester, who stands pre-eminently in the front rank as an educator and manager of a refined and select school.

This model school represents the highest culture obtainable under our modern society and civilization. Number received limited to twelve.

In this respect Mrs. Worcester's Select School for Girls and Young Ladies has no superior in this State, and can be classed with the most renowned schools of the United States. It has a varied and extensive curriculum, and it is a near approach to a refined home life, with the restraints that are necessary for correct deportment and the moral influence of paternal care and Christian example.

MARTIN R. ROBERTS, JR.

ROMINENT traits in the character of the American citizen are activity, perseverance and versatility. This distinctive characteristic, owing to environment and cosmopolitan association, has been emphasized in the generation known as native sons of California.

Mr. Roberts in his career has well illustrated the type of an ideal American citizen. He was born in San Francisco, July 8, 1857, attended the public schools and graduated from the Boys' High School at sixteen years of age, and attended part of one term of the State University in the class of 1878. After taking a course at Heald's Business College, and graduating in bookkeeping, he entered the office of his father, a prominent business man who was engaged in real estate and shipping, and, while thus employed, attended lectures and clinics at Cooper Medical College for one term. As a man of "affairs" and closely connected with the business interests of San Francisco—his father having served as supervisor—he naturally drifted into politics, and has taken an active part in national, State and municipal affairs. He is, however, of that class of clean politicians who believe in principle rather than party, as was shown by the first struggle against "bossism."

Mr. Roberts stood for the office of Supervisor on the Anti-Buckley and high-license ticket, and received 2,740 votes when the average of the ticket was 1700. Mr. Roberts is still actively engaged in shipping and real estate; vice-president of the Excelsior Coal Company; member and ex-Director of the Pioneer Society of California; charter and life member of Pacific Yacht Club; Stanford Parlor, No. 76, Native Sons of the Golden West, and the League of Progress, and acted secretary of the late Fed-

eral Grand Jury.

He is a single man; has maintained a spotless character and has a laudable ambition to be a leader among men as a representative of the business interests of this community. Nature fashioned him in an attractive mould, and his honored ancestry and the select circles in which he moves give him a place as a representative business man, clean politician and an honored citizen that presage larger fields of usefulness and a more honored position in this commonwealth.

A. F. SAWYER, M. D.

DR. A. F. SAWYER.

HE high standard of ethics, heroism and self-sacrifice displayed by the pioneer physicians of California is forcibly illustrated in the professional career of Dr. A. F. Sawyer, physician and surgeon. He is a native of Boston, Mass., and graduated from Harvard with high honors in the class of 1849. Nature endowed him with a keen intellect, and his close application in studying the causes and the cure for the diseases of the human family, with a natural adaptability in his profession, soon placed him in the front rank. He enjoyed a lucrative practice and accumulated a fortune. In 1874 he became one of the faculty founders of the Academy of Medicine.

The heroism displayed by the pioneer physicians of California in attending the human wrecks incident to a new and untried mining life, where large numbers of the adventurous and hardy sons of our country were prostrated by toil, exposure and disease, forms a bright page in the history of our State.

The professional labors of Dr. Sawyer have made his name a household word in San Francisco, and there are thousands of men and women to-day who cherish in their hearts the highest regard for his professional devotion and skill as a physician, in remembrance of his self-sacrifice and pre-eminent success. As a writer on medical practice and surgery he has gained a high reputation, and his articles show deep research and careful preparation.

When the great scroll is enrolled the name of Dr. Sawyer will appear in the brightest characters, for his unselfish, gratuitous and unremitting devotion to the men and women who suffered from sickness and disease, and who were treated during all the years whilst in active practice in this city.

He has traveled extensively in the United States and foreign countries, but like thousands of our citizens who gained fame in their profession, or amassed a large fortune in our State, they are not satisfied until they return to the land of their struggles and triumphs.

Dr. Sawyer is here again with his family and is now rounding a period of forty years in the practice of medicine by resuming his professional work again where his first laurels were won. He is a member of the leading clubs and is prominently associated with our best citizens socially.

His scientific attainments, technical education and professional skill have given him a national reputation as a physician, and his personal magnetism, gentlemanly deportment and philanthropic nature gives him a high rank in society.

He is a man of fine address, courtly manner and attractive appearance. His step is firm and quick, his eyes bright, clear and penetrating. He has a positive, frank and open expression, and his whole manner bespeaks a genial and noble nature.

We voice a universality of sentiment that it is a fortunate event for this community that Dr. Sawyer has elected to give his professional services to his old neighbors, and in the field of his early manhood.

G. E. SUSSDORFF, M. D.

HE specialist has become one of the distinctive features of the medical profession. It is an advancement in the healing art, and has fully demonstrated that the greatest successes can only be attained by the close study and special experience in the treatment of one or two classes of diseases. Hence a large number of the most celebrated and successful physicians of the world have won fame and distinction as specialists in one particular branch of scientific medicine.

Dr. Sussdorff is a native of North Carolina and received his medical education in Virginia and New York, graduating at the Long Island

College Hospital in 1866. He maintained a leading position in New York City in his profession for twenty years. While in New York City he was a fellow of the New York Academy of Medicine, a member of the Medical Society of the County of New York, the Northwestern Medical and Surgical Society, and others.

He came to this Coast in 1891 and has become eminent in the treatment of diseases of the nervous system and especially successful in

chronic cases of alcoholism.

Dr. Sussdorff has a fine address, a keen intellect. His contributions to medical literature are quoted with approbation in the highest circles. He has been a close student and inventor of surgical instruments. His eminent ability, ripe experience and reliability as a practitioner have brought him a large clientele from all over the Pacific Coast, and his position as a skillful specialist and polished gentleman gives him a prominent place in this community.

WILLIS E. BACHELLER.

OF THE singer it is true as of the poet, that he is born, not made, and it is also equally true that, though one may be gifted by Nature with a fine voice, it will never amount to much unless carefully trained under the best masters. The subject of our sketch, Mr. Willis E. Bacheller, is peculiarly fortunate in possessing both these essentials of the successful vocalist and teacher. Born in Maine in 1862, Mr. Bacheller from his earliest years gave evidence of possessing that most rare and precious of all gifts,—a true tenor voice. After a careful preliminary training he sailed for

Europe, and on arriving immediately went to Florence, where he placed himself under the most renowned maestro of Italy, Signor Vannini. His progress was rapid, and his devotion to study untiring. Under the teaching of Vannini his voice developed and was perfected, so much so that the master spoke of him as one of the best pupils he had ever had. Mr. Bacheller sang in concerts several times in Florence, and received unstinted praise from the papers. In 1892 he returned to the United States, and received a most gratifying reception. Wherever he appeared in the various Eastern cities his success was immediate and pronounced. In 1893 he came to San Francisco, and located here permanently. His advent was most auspicious, and his first appearance (at Golden Gate Hall) at once caused local musicians and critics to become conscious that San Francisco had at last secured what it had so long lacked,—a true tenor. His success has been continuous, and it is to be hoped that he may continue to give our people the benefit of his experience with the greatest of living teachers. Mr. Bacheller's home and studio are at 1028 Pine Street, and we might mention that one of the most conspicuous objects in his handsome and tastily furnished parlors is a portrait of Signor Vannini, accompanied by a framed letter in which the master speaks in glowing terms of his pupil, whom he regards as among the very best and most promising singers he ever sent forth.

GEORGE G. GERE, M. D.

HE marvelous advancement in the science of medicine has given men of high intellectuality an opportunity to co-operate and assist in the great work of the curative art. Foremost among the physicians of the Pacific Coast who have general eminence for scientific investigation, and as skillful surgeons

and successful practitioners, is Dr. Gere of San Francisco.

He is a native of Chenango County, New York, born in the year 1848, and when a boy he went to Pawnee City, Nebraska, and received the rudiments of his early education in the public schools. He was

a prominent member of Company F, First Nebraska Vet. Vol. Cav., and has the distinction of being one of the youngest G. A. R. men in the country. He is past post surgeon of Lincoln Post, No. 1, G. A. R. Upon receiving his discharge he at once turned his attention to the study of medicine, and went to Cincinnati, Ohio, where he entered the Eclectic Medical Institute, an institution of renown all over the globe. He graduated from this college in 1871, and returned to Pawnee City and established a partnership with Dr. Stewart, an eminent physician. He decided to come to this Coast, being called to the Chair of Anatomy in the California Medical College in 1881, and filled this position four years. In 1886 he was appointed Professor of Principles and Practice of Surgery, which chair he has since filled with great credit. As a general operating and consulting surgeon he has shown extraordinary skill and ability. Facial and physical deformities he has given special care to, and with great success. He is highly esteemed by his patients, and great confidence is reposed in him, for he is noted for the care and zeal which he exercises in his treatment. Gentle and sympathetic to the afflicted, he at once wins their gratitude, and they have confidence in him. He has been a member of the State Eclectic Medical Society for fourteen years. For two years he was secretary of it, and he was also president for two years. He has been a delegate to the National Eclectic Medical Association for the past fourteen years. He is ex-President of the San Francisco County Society of Physicians and Surgeons. For thirteen years he has been a member of the Board of Examiners of the State Eclectic Medical Society, and secretary for eleven years. He is also secretary of the Board of Trustees of the California Medical College.

Dr. Gere is also a member of California Lodge, No. 1, F. and A. M., and was honored by being one of the youngest masters of a lodge in this

country.

There seems to be a lappy combination in the physical development, high intellectuality and comprehensive mind that has given the subject of this sketch unusual advantages in the manly struggle he has made in his profession. His life has been one of incessant toil from early youth, and by his own exertions he has placed himself in the foremost ranks as a skillful surgeon and successful practitioner. Nature fashioned him in a mould of attractiveness, and his ancestry, with a laudable ambition, and a high moral standard of rectitude, has given him a place among the disciples of Esculapius second to none on the Pacific Coast; and his scientific achievements as a specialist in chronic diseases has given him a national reputation.

His temperament is ardent, his nature sanguine, and his disposition generous and charitable. Bitterness, rancor or hate finds no lodgment in his breast. He is a live man par excellence, and has a pride in his profession. He has been a close student, traveled extensively, studying nature, gathering information from the faculty and his ripe experience in chemistry, medical and surgical pathology. With almost an intuitive knowledge in the mysteries of disease, we can justly claim him as one of the successful, highly respected and noted physicians of our common-

wealth.

M. H. LOGAN, PH. G., M. D.

HE eminence and success that men have attained in their vocation or profession is in a large degree associated with their adaptability to their chosen field of labor. It seems to have been a most fortunate selection when Dr. Logan commenced the study of medicine. Almost intuitively he grasped the underlying causes of disease, and his analytical mind and patient labor in the laboratory and field of science has given him a reputation as one of the most accomplished, skillful and successful practitioners in the curative art.

Dr. Logan is a native of Illinois, born August 5, 1855, and came across the plains with his parents when nine years of age. In 1873 he

commenced private instructions from Dr. C. W. Hughes in physics, hygiene and physiology, and from James P. Dinsmore, M. D., in the principles of homeopathy. In 1875 he entered the University of California, and four years after entered the California Medical College, of Oakland, from which institution he graduated with high honors at the head of a large class. Soon after he re-entered the University of California and took the gold medal in the department of Pharmacy, thus completing his university course. A short time elapsed when he was elected Assistant Professor of Chemistry and Toxicology in the California Medical College. Two years later he was elected to the chair of Chemistry and Toxicology, which position he now holds. He is a close student and a graduate of the Chautauqua Scientific and Literary Circle and also the author of several works, notably, "A System of Urinology" and a work on Organic Chemistry.

He has a massive brain and a great sympathetic heart that seems to reach out to alleviate distress and restore stricken humanity. Between him and his patients their is a confidence and cordiality maintained that establishes relations that assist most certainly to combat and erad-

icate disease.

His sympathetic nature, benevolent disposition and high intellectuality are features of his personality which has made his chosen pro-

fession his idol, his love and his ambition.

He has been a persistent worker in the laboratory, and his experiments and researches in the field of science have been with an ambition to elevate his profession rather than personal aggrandizement. His philanthropic nature has brought him in close relations with the beneficiary and fraternal organizations of our country. He is a member of the Grand Lodge, Knights of Pythias, and has attained an exalted position in the rights of Masonry. He is a 32-degree member of the Scottish Rite, and a 95th-degree member of the Royal Masonic Rite, F. & A. M. He is also a member of the A. O. U. W.; K. of H.; I. O. O. F., and other social and humanitarian societies. He is also president of the Eclectic Medical Society of the State of California.

He has spent considerable time in travel, and while in Europe visited the leading hospitals and noted institutions of learning. This gave him special opportunities for obtaining rare collections for his library

and studio.

His marital relations have been most fortunate; in 1883 he was united in marriage to Miss Lita A. Rosekrans, a highly educated and estimable lady of the old Knickerbocker stock. Of this happy union

they have two promising sons.

If scientific attainments, technical education, professional skill and unselfish devotion to the art of healing and alleviating distress are warrants of nobility and honor, then he of whom we write has achieved a position that entitles him to a niche in the temple in which are engraved

the names of those whom we delight to honor.

When the great scroll is enrolled the name of Dr. Logan will appear in bright figures—for his professional skill and gratuitous service to those whom he administered without reward or hope of remuneration. Dr. Logan has an extensive practice, and it is a question of personal endurance as to how long he can hold out under these arduous professional duties.

DR. GEO. M. TERRILL.

THERE is no more emphatic truism than that the careers of men are moulded in a large degree by their heredity and associations in the body politic. Dr. Terrill has an honored ancestry, and his walks in life have been in society of the highest type. This, together with a thorough, systematic and classical education and a natural adaptability to his profession, has placed him in the front ranks of the eminent physicians of the Pacific Coast.

He was born February 22, 1859, at Salem, Virginia. He receivedhis early education at Roanoke College, thence going to the University of Pennsyl-

vania at Philadelphia, from which institution he graduated with distinction in 1883. For two years he practiced in Virginia, and was then appointed assistant surgeon in the U. S. Army. This position he held with honor, passing safely through the Apache campaign and braving the dangers incident to this treacherous foe. In 1886 he came to San Francisco and immediately entered upon the active practice of his profession. At present he holds the position of brigade surgeon on General Dickinson's staff. He is also a member of the Cosmos Club. Dr. Terrill is a fine type of the American gentleman, refined, genial, and has the faculty of making friends. Coming as his patients do from all classes, he makes no distinction, every one receiving the same courteous treatment and attention. He takes a warm interest in all that concerns his profession and keeps abreast of the medical researches of this country and Europe.

Socially he moves in the best circles, and with his environments, classical education and past brilliant record, there seems to be a wide field awaiting him in higher honors and greater distinction in his

vocation, of which he is so honored a member.

EDWARD F. WEIHE.

HINING as an example of the prominent place taken by our native sons in all lines of business is Mr. Edward F. Weihe. Born in Downieville, Placer County, he commenced his business career on August 19, 1875, as a messenger boy for the American District Telegraph Company. By energy and perseverance he worked his way up, till to-day he is general manager and secretary of the Gold and Stock Telegraph Company of California,—a position of great responsibility. Mr. Weihe is happily married, and finds in his home a haven of rest which keeps him away from clubs and societies. His success is an eloquent lesson to our boys of what may be accomplished by singleness of purpose.

W. G. LANGDON.

N ALL great commercial cities there are a few men who, by large experience and aptitude as accountants, gain a high reputation as experts in correcting errors in book-keeping or unmasking crookedness in commercial transactions that gives them a position in society equal to any of the leading professions.

Mr. Langdon occupies that field in San Francisco, and is recognized as a final authority upon any question relating to the work of

an accountant.

Badly kept sets of books, intricate or crooked systems of accounts, or garbled and misleading statements, do not worry him at all, but he seems to take a positive delight in ferreting out intentional or unintentional errors, in making correct entries, and preparing clear and concise statements, showing exactly how any line of business stands.

Mr. Langdon, besides possessing a natural aptitude for his profession, has a large fund of practical experience, gained by fifteen years of active work, and he enjoys the confidence and patronage of some of the largest

corporations and business firms in California.

His reliability, obliging d sposition, and excellent business qualifications, are attested by his wide-spread clientage and volume of business among the great commercial enterprises on the Pacific Coast.

LOUIS ERNST PHILLIPS.

T IS generally conceded that the bar of our State has been, and is now, equal to any State in this country, and the legal profession contains jurists and advocates who are brilliant and polished pleaders before a jury, and whose decisions are quoted with approbation.

The subject of this sketch is one of the firm of Phillips & Hen-

derson, with offices in the Supreme Court Building, and enjoys the reputation of being a polished, classical and effective pleader, and stands in the front rank of the legal profession. From a recent sketch we make

the following extract:

"Louis Ernst Phillips, lawyer and journalist, was born in the village of Speedsville, Tompkins County, New York, in the year 1862. At an early age he removed with his parents to North Arlington, Virginia, where, in sight of the white dome of the National Capitol, he was reared as a farmer boy. When seventeen years old he began a journey around the world, visiting Australia and India, and spending some time in the principal cities of Europe. Returning to America he entered upon the

study of law in the City of Washington, and graduated with high honors. Very soon after he was appointed United States Commissioner, and sub-

sequently United States Special Attorney."

Mr. Phillips first became a resident of California in 1880. So charmed was he with the climate and people of his adopted State, that he resolved that, as soon as he had completed his tour of the world and finished his education, he would become a permanent resident of the Golden State. Through his exploration of distant and almost inaccessible parts of this State, and a systematic study of climate, resources and other advantages, no one is more enthusiastic in praise of the future of California.

Mr. Phillips is a member of the United States Supreme Court, and has won a number of successes in the higher courts of California. He is a high Mason, and connected with many worthy institutions of

charity and benevolence.

He is recognized as being aggressive, enthusiastic and fearless in advocating the principles which he believes to be just and right. With him love of country and the welfare of the community are stronger incentives to action than party allegiance. To quote his own language: "In public affairs conscience should always prevail over the mere demands of self-interest. The high principles which a man represents—his intelligent patriotism, his love of humanity, and progressiveness—ought always to govern in his selection for official place."

He has high scholastic attainments, is a close student, and has a high reputation as a clear-headed and successful lawyer. As a citizen he is noted for his patriotism, uprightness of character and devotion to

principle.

P. O. CHILSTROM.

MONG the advanced lawyers and thinkers of our city is Mr. P. O. Chilstrom. He was born in Sweden on April 4, 1851, but his parents removed to America when he was but two years old. He was raised in Minnesota, a frontiersman, attending public school in the log schoolhouse of that day, but later taking a thorough course in college at Minneapolis. At nine-teen he was merchandising in northern Minnesota, and later in Dakota. In 1873 he went to the mines of Colorado, and, returning in 1874, commenced the study of law with Hon. Eugene M. Wilson of He was admitted to practice in 1876. He practiced law in Minnesota, Dakota, New York City, Washington (State), and in 1887 came to San Francisco and for several years was a member of the law firm of Rogers & Chilstrom. Mr. Chilstrom has held various positions of trust in Minnesota, Dakota and Oregon, and, had he yielded to the wishes of his friends, would have been much more prominently before the country. He has been a consistent Democrat since casting his first vote for Greeley in 1872. Though he greatly admires the character of Lincoln, Mr. Chilstrom is now an honest Nationalist, believing that in more thorough and intelligent dealings with our economic questions lies the safety of our country. He believes in America for Americans, at all costs, and is always ready to promulgate and defend his belief. We know of no gentleman in the legal profession whose prospects are brighter, or who is more popular with his clients and the public at large.

Chope's Adjustable Window Screen and Shade Combined.

NE of the most notable and useful products of California genius is the wonderful Chope Combined Adjustable Window Screen and Shade Fixture, which has become widely known all over the Pacific Coast. This screen is the invention of Mr. Thomas Chope, who has devoted seven years of patient and untiring labor perfecting it. It is rapidly superseding all

others, and it is only a question of time when it shall be in every household in this country - East, West, North and South. Its qualities are first. It prevents mosquitoes and other gnats and insects from entering the house. Its construction is simplicity itself. The screen and shade can be used jointly or separately. There is not the slightest wear or strain on any of its parts, while the screen is so made that the weather has no effect on it. It is healthful because at all times one can have pure air to breathe—a privilege which should be given every member of a family. It is convenient because it is always at hand, being hung on a self-adjusting roller made expressly for this screen; thus when not in use it is rolled up out of the way, ready for use when required. It is superior to any ventilator ever made, because the exit of impure air is near the ceiling (the proper outlet); that being also the inlet, drafts are avoided. It is adjustable to the fraction of an inch, thus keeping pure air always circulating through the house. The fixture can be applied to any style of window, and does not interfere with the fittings; the shades now in use on the window are used with the screen. shade is protected from rain or fog. Flapping, which is so annoying and is caused by the slightest draught, is entirely prevented, the shade always being below the opening. Its applicability to a window is wonderful. Any one can put them up so as to work easily and perfectly. When you desire to remove it, its detachment is as simple as its fitting in place, only a moment's time being required in either case. When once in position it is never necessary to remove it. The durability of this screen is wonderful. manufactured of a fabric made expressly for it, and covered by a preparation which renders it impervious to the weather.

Screens which were made six years ago are to-day as perfect as when first made. In windows which have no shades, only inside blinds, such as hotel, hall, office, public buildings and school windows, the screen *only* is applied in the windows, and is operated automatically by the sash. This method is very highly recommended. The public are invited to call at the office of the company, 661 Market Street, San Francisco, Room 62, where a large window fitted with screen and shade can be seen. Mr. T. Chope will be pleased to explain its workings, and will give information as to territory, etc., on application, by letter or personally, to above address. The East and the West have become united in closer commercial relations, and the people of the oldest and newest nations have exchanged domicile in their vocation and pursuits. Prominent among the

HADJI RAPHAEL.

distinguished personages who have become residents of California is Hadji Raphaël of Egypt. The Hadji was born in Cario, Egypt, in 1862. His father took up his residence in Lahore, India. When thirteen years old Hadji began a correspondence with his father, hoping to bring him back to the land of his birth. To this correspondence he lays the foundation of his taste for literature. At an early age he was thrown on his own resources in the battle of life and by his own efforts earned fame, distinction and honor as an eminent scholar and successful merchant. He commenced his education at Ismalia, Egypt, continued it in French at

the "Frère" College, and in Arabic at Kootab, finishing at the Univer-

His comely person, bright intellect and correct deportment attracted the attention of what is known as the "wise men" in Egypt, and one of the beautiful belles, whose father was a rich and prominent merchant of the Soudan, was selected for his wife. Early marriages among the higher classes in that country being considered highly desirable, Mr. Raphaël married at the age of nineteen, while his bride was only thirteen.

As a representative of high society, he has been associated with Sir Arnold Morley, M. P., Mr. Gardiner, M. P., and Lord Porchester of

England.

The Hadji was initiated and raised to the degree of Master Mason in

Waubansia Lodge, No. 160, F. and A. M., Chicago.

He speaks fluently seven languages, -English, French, Italian, Spanish, Turkish, Greek, and all Arabic dialects, five of which he can

write and hold correspondence in.

His enterprise, sagacity and upright dealing while in Chicago gave him an entrée into the best society, and he was associated with Messrs. Paul Blackmar, Melville E. Stone, the journalist, and the leading citizens of Chicago, as a representative of the best society. During our Midwinter Exposition he was prominently identified with the Cairo concession, and his square dealing and gentlemanly deportment have given him great

popularity as a merchant.

He secured in Chicago \$20,000 through the Globe National Bank. also \$20,000 in bonds, for the furtherance of his enterprise of conducting over forty stores in Cairo Street, Chicago, in conformity with his contract with the Directors of the Cairo Street Syndicate at the World's Columbian Exposition, for which he received four highest awards and diplomas. His sales, according to the statement furnished by Mr. Paul Blackmar, the Superintendent of the Department of Collection, aggregated \$150,000. He is established now in one of the stores under the Palace Hotel, San Francisco, and has fully determined to make California his future home.

Naturally of a literary turn of mind, a thorough academized training, extensive travel, successful merchant and pleasing address are advantages that he possesses that will help to give him a prosperous

career.

The Hadji is a merchant for support and a scholar for research and pleasure. In his career he has exemplified the principles of the great Arabian poet:
"Be the son, whomever ye are

[&]quot;It is not the person who says my father was, But blessed be the man who says I am the one."
